

## Tourism Management Lecturers and Students joined Fieldtrip to Bang Hua Suea Community in Samut Prakan Province

On 29 June 2019, Tourism Management Lecturers and Students joined fieldtrip to Bang Hua Suea Community in Samut Prakan Province. The research team did a study in local demographic data, gathered tourist destination information, history and community uniqueness. They analyzed weakness and strength to formulate future tourism development project. Thanks to kind cooperation from local and elder, research team got opportunity to get around tourist spots along canal, temple, and pier. After trip, they did more discussion to find out possibility to develop the area and its tourism industry.
